

Qualifications for nomination of candidates

1. Candidates must be a living person, persons, or organization, and be nominated by an unrelated person.
2. Nominators must complete and sign the designated nomination form and provide substantial documentation supporting the statement that their chosen candidate made *“significant advances and achievements in financial markets, public policy or science and technology which promote action on climate change and sustainable development.”*
3. For the 2011 prize, all nomination forms and supporting documents must be received in the APPrO office by September 15 2011
4. Candidates need not be Canadian but must have done significant work in Canada in connection with the activities for which they are being nominated.
5. The decision of the Selection Committee will be final.
6. Nominees who are not selected in a given year may be re-nominated in a subsequent year, subject to any rulings by the Selection Committee.
7. Recipients may keep the sculpture for an agreed-upon period of time after receiving it, and must commit to returning it safely to APPrO by the end of that time period.
8. Communication with the Selection Committee is preferably by email: probynprize@appro.org
